

FEBRUARY NRA AP MATCH (Sholar Powell): We had a good first match of the year with weather holding and no rain. It was the New Hanover Fire Dept. plus several others as participants. Nice turnout with several new shooters, and we hope they'll all come back for future matches. The Moving Target Range is under construction, and it may be several months before we have that up and running again. We shot the Plates and Barricade Matches for this match, and a good time was had by all. Match scores as follows:
