START OF UNAPPROVED MINUTES for the 7/14/08 Meeting:

Meeting convened at 7:00 pm. There were 21 members, 2 probationary members and 2 guests present. The June Minutes and Treasurer's report were approved.

Unfinished and Old Business:

The skeet fields are coming along nicely, with the house construction completed and the fencing between the fields in progress. The concrete will be poured soon. To date we have spent or obligated approximately \$34,000 for this project.

New Business:

Both lawn tractors have been repaired, so anytime you see the grass needs mowing please feel free to use the club machines. If something goes wrong with a mower, please report the problem to a club officer so it can be repaired in a timely manner.

TRACTOR THEFT

As most of you know, John Scott's Kubota tractor was stolen from the Club in June. It was not insured and, due to prohibitive premium costs, the club does not carry insurance that would cover such a loss. We self insure.

John bought this tractor new and was using it solely for work at the club, primarily on the skeet fields but elsewhere as well. The members present at the July monthly discussed this problem and decided we should, at the August meeting:

1. Move to purchase a Kubota tractor to reimburse John with club funds. His cost on this tractor was approximately \$28,000.
2. Send a request for donations to each club member to try and cover that expense.

This will be presented at the August meeting for discussion and hopefully approval.

Meeting adjourned at 7:45 pm.

END OF UNAPPROVED MINUTES for the 7/14/08 Meeting.

FROM THE LEGISLATIVE BENCH

From The Legislative Bench... "Times are tough", said the purveyor of insight. Wow, did that raise your hackles?! The understatement of the recent ages... all hell seems to be unleashed on matters of significance in the economy, judicial system, foreign affairs, politics, the war on terrorism, etc.

Why does the United States of America have to constantly swat the flies of intolerant nations? The United Nations is a

mockery of the intentions of its original foundation. It is our willingness to be tolerant of others that threatens our very existence... why should the greatest and most powerful nation in the world continue to accept the stings of those who seek to destroy us? Ask this of those around you... when confronted with the reality of indifference, I have yet to find anyone willing to sacrifice their family, community, city, state, our NATION for the likes of our enemies, both foreign and domestic. They are amongst us... at every level. It is the collective strength of you and others of like mind that will hold our nation together... it is our military that will ensure the outcome. Our military needs our constant support to keep the devastation from our shores... bless them in all they do.

These questions not only apply to our membership in the world of nations, but to the domestic front as well... local, state, and federal. How can it be allowed to ignore, no... Blatantly spit upon the Second Amendment within our own nation's capital?! Again, it is the tolerance of legal, law-abiding citizens who are NOT represented by the very government which was founded by the citizenry. One should ask how this has come to pass. It is the dealings of the few that cause the pains of the many... **WHY DO WE TOLERATE SUCH NONSENSE?**

Have you noticed the uneasiness of those around you? The elections yet to come scramble for a leader of the greatest of all nations... I for one feel limp with frustration and lack of representation! The apparent Party candidates are frightening... out of 300 million; these are the only two chosen?! The search for VP running mates keeps one guessing... like the "eye doctor" asks, better or worse? It baffles me!

The Second Amendment is going to suffer and depending on the Party chosen as to how much it will suffer. If Barak Hussein Obama is elected all hell will break loose on the anti-gun scene... he has vowed to seek a federal law to pre-empt the states' rights regarding concealed carry! Can you imagine?! The one enactment of legislation in decades which provides the most significant enhancement to the security of its citizens and BHO wants to eliminate it. Serious times, folks... do your part to prevent the destruction of all held dear.

I have witnessed an accumulation of "toys",

BUCCANEER SPURS COWBOY FAST DRAW MATCH

The Buccaneer Spurs held their monthly match on Saturday, July 26, 2008. Welcome to two new shooters, Hogg Legg (shoots Cowboy Action with us) and Rock Holiday aka Will Purcell. We also had three observers two of which tried their hand after the match...I think they are hooked. Everyone had a great time with the winners determined after eight rounds with twelve shooters. As the match progressed, Gunslingers with similar speeds were competing against each other so all bouts were exciting. As usual, the winners were those who HIT THE TARGET.

Headline: Mad Wife Disease

Dodge City Dude was sitting quietly reading his paper when Mrs. Dude walked up behind him and whacked him on the head with a big book....."What was that for?" Dude asked....She replied, "That was for the piece of paper in your pants pocket with the name Laura Lou written on it".....Dude said, "Laura Lou was the name of a horse that I bet on at the horse race last week"....."Oh Honey, I'm sorry, she said, I should have known that there was a good explanation."

Three days later Dude was on the back porch loading some shells when Mrs. Dude walked up behind him and whacked him on the head with a large cooking skillet and knocked him out cold....when Dude came to he asked, "What was that for?"....She replied....."Your horse called".....
