THERE WAS NO BOARD OF DIRECTORS MEETING IN JULY

WE NEED YOUR EMAIL ADDRESS: Please send your e-mail address to the Secretary (ccaasmfc@cs.com), it is cheaper to send the newsletter that way, plus you will get club notices and For Sale items faster. In addition, I have about 2 dozen e-mail addresses that are now undeliverable, if you used to get your newsletter via e-mail and do not now, please send in your new e-mail address.

NRA MEMBERSHIP REQUIREMENT

The Buccaneer Gun Club is a 100% NRA membership club – every member is required by bylaw to be a member of the NRA. The best way to insure the we know you are a current member is to send a copy of your magazine mailing label to the club mailbox. That label has both your membership number and your membership expiration date. If we do not have proof of current NRA membership by January 31 each year, you will be dropped as a member of the Buccaneer Gun Club. ***In addition, we will no longer accept your NRA dues payment with your annual Club dues – it is your responsibility to maintain your membership.***

BGC is missing the following member's NRA number and/or their expiration date:

H. Goudarzi
A. Gregory
T. King
J. Holland
S. Willetts

BGC JULY SKEET MATCH

We changed the format of the shoot some as an experiment – and it looks like it worked great. Instead of giving the winner of each class a free pass to a future shoot, we too \$5 of the \$10 entry fee and returned it to the class. Thus if there were 3 shooters in a class, the winner would receive \$15. We had 26 shooters, the most we have had for a while and they shot some great scores. Here's how the scores went:

A Class*

John Scott	50 (\$15)
Scott McIntyre	50
Richard Wallace	50

B Class*

Ron Waidlich	50 (\$20)
Bill Bertrand	50
Cosby Thomas	44
Bill Wetherill	43

C Class

Chris Moore	47 (\$20)
Tom Morrison	45
Glen Lamencusa	43
Frank Hassell	35

D Class

Buddy Walker	45 (\$20)

NEW DISCIPLINE INITIAL SHOOT -- IDPA

We had about 30 shooters try a new discipline - IDPA (International Defense Pistol Association) better known as "I don't practice anymore." Some stayed some had to go, It was a success and we probably will have a further course for shooters to enjoy. Stay tuned.

EQUIPMENT NEEDED: Factory type out of the box pistol, i.e. 1911's, Glock or Glock type pistol of all manufactures, three magazines (two will work) holster for pistol and magazine holder for two magazines. Bring 100 rounds of ammo if you want to shoot the entire course of fire.

You can go to these web sites to learn more about IDPA, <http://www.idpa.com> and <http://www.csl-idpa.com>. The first is the official web site and the second is the web site of the closest IDPA club located in Clinton.

Thanks to everyone who helps with scoring, acting as RO's, and generally helping to run the match. Wouldn't work without you. Scores for this match as follows:

FROM THE LEGISLATIVE BENCH

From The Legislative Bench... A government lesson follows, plain and simple.

545 PEOPLE
By Charlie Reese

Politicians are the only people in the world who create problems and then campaign against them. Have you ever wondered, if both the Democrats and the Republicans are against deficits, WHY do we have deficits?

Have you ever wondered, if all the politicians are against inflation and high taxes, WHY do we have inflation and high taxes?

You and I don't propose a federal budget. The president does.

You and I don't have the Constitutional authority to vote on appropriations... The House of Representatives does.

You and I don't write the tax code, Congress does.

You and I don't set fiscal policy, Congress does.

You and I don't control monetary policy, the Federal Reserve Bank does.

One hundred senators, 435 congressmen, one president, and nine Supreme Court justices... 545 human beings out of the 300 million are directly, legally, morally, and individually responsible for the domestic problems that plague this country.

I excluded the members of the Federal Reserve Board because that problem was created by the Congress. In 1913, Congress delegated its Constitutional duty to provide a sound currency to a federally chartered, but private, central bank.

I excluded all the **special interests and lobbyists** for a sound reason. They **have no legal authority...** They have no ability to coerce a senator, a congressman, or a president to do one cotton-picking thing. I don't care if they offer a politician \$1 million dollars in cash. **The politician has the power to accept or reject it.** No matter what the lobbyist promises, it is the legislator's responsibility to determine how he votes.

Those 545 human beings spend much of their energy convincing you that what they did is not their fault. They cooperate in this common con regardless of party.

What separates a politician from a normal human being is an excessive amount of gall. No normal human being would have

the gall of a Speaker, who stood up and criticized the President for creating deficits. The president can only propose a budget. He cannot force the Congress to accept it.

The Constitution, which is the supreme law of the land, gives sole responsibility to the House of Representatives for originating and approving appropriations and taxes. Who is the speaker of the House? Nancy Pelosi. She is the leader of the majority party. She and fellow House members, not the president, can approve any budget they want. If the president vetoes it, they can pass it over his veto if they agree to.

It seems inconceivable to me that a nation of 300 million can not replace 545 people who stand convicted -- by present facts -- of incompetence and irresponsibility. I can't think of a single domestic problem that is not traceable directly to those 545 people. When you fully grasp the plain truth that 545 people exercise the power of the federal government, then it must follow that what exists is what they want to exist.

If the tax code is unfair, it's because they want it unfair.

If the budget is in the red, it's because they want it in the red.

If the Army & Marines are in IRAQ, it's because they want them in IRAQ.

If they do not receive social security but are on an elite retirement plan not available to the people, it's because they want it that way.

There are no insoluble government problems.

Do not let these 545 people shift the blame to bureaucrats, whom they hire and whose jobs they can abolish; to lobbyists, whose gifts and advice they can reject; to regulators, to whom they give the power to regulate and from whom they can take this power. Above all, do not let them con you into the belief that there exists disembodied mystical forces like "the economy," "inflation," or "politics" that prevent them from doing what they take an oath to do.

Those 545 people and they alone, are responsible...

They and they alone, have the power.

They and they alone, should be held accountable by the people who are their bosses.

Provided the voters have the gumption to manage their own employees.

We should vote all of them out of office and clean up their mess!

Charlie Reese is a former columnist of the Orlando Sentinel Newspaper.

Think about it... so few control the destiny of so many. The path our Nation has taken is disastrous and if not changed I'm afraid the Country we know and love will be unrecognizable in the end. Second Amendment issues are still kindling, however, the raging fire of the economy and health care are receiving the fuel for now.

Power to the people,
Ron

Headline: A Long Explanation Is Better Than No Explanation

Dick Holliday's wife came home early and found him d in the bedroom making love to a very attractive young woman. And she was somewhat upset. 'You are a disrespectful pig!' she cried. 'How dare you do this to me -- a faithful wife, the mother of your children! I'm leaving you.. I want a divorce right away!'

Dick replied, 'Hang on just a minute love so at least I can tell you what happened.' 'Fine, go ahead,' she sobbed, 'but they'll be the last words you'll say to me!' Dick began -- 'Well, I was getting into the wagon to drive home, and this young lady here asked me for a lift. She looked so down and out and defenseless that I took pity on her and let her into the wagon. I noticed that she was very thin, not well dressed and very dirty. She told me that she hadn't eaten for three days.

So, in my compassion, I brought her home and warmed up the enchiladas I made for you last night, the ones you wouldn't eat because you're afraid you'll put on weight. The poor thing devoured them in moments. Since she needed a good clean-up, I suggested a bath, and while she was doing that, I noticed her clothes were dirty and full of holes, so I threw them away. Then, as she needed clothes, I gave her the designer jeans that you have had for a few years, but don't wear because you say they are too tight.

I also gave her the underwear that was your anniversary present, which you don't wear because I don't have good taste. I found the sexy blouse my sister gave you for Christmas that you don't wear just to annoy her, and I also donated those boots you bought at the bootery and don't wear because someone at the saloon has a pair the same.

Dick took a quick breath and continued - 'She was so grateful for my understanding and help that as I walked her to the door, she turned to me with tears in her eyes and said,

'Please ... Do you have anything else that your wife doesn't use????'

That's my Story and I'm stickin' to it.....
